

## CONTINUING EDUCATION FOR LIBRARY TRUSTEES

The Red Deer Library Board encourages library trustees to become involved in workshops, seminars, meetings and conferences related to library issues.

The Director of Library Services shall bring relevant programs, seminars or conferences likely to be of interest to board members to the attention of the board as necessary.

These may include seminars or workshops sponsored by other community service groups or those sponsored by library associations or government departments.

Board trustees shall be reimbursed for all expenses incurred, including travel, meals, accommodation, and registration fees.
