

LIBRARY MATERIALS VENDORS

The Red Deer Public Library is committed to making the best use of public money in purchasing library books and non-book materials. Vendors will be chosen on the basis of:

- ✍ price, including shipping, handling and invoicing charges,
- ✍ availability (fill rate),
- ✍ turnaround time from order to delivery,
- ✍ returns policies, and
- ✍ availability of required cataloguing and processing services.

If two or more vendors provide more or less equal service for a particular type of material, a Canadian Vendor will be chosen over one from another country, and a local vendor over one from out-of-town.
