VISIONS OF WELLNESS II is an exciting exhibition of more than seventeen mixed media, two dimensional artworks by nine members of the Alberta Society of Artists. The exhibition has sensitive content dealing with the topic of wellness and healing.

Integrating the arts into healthcare facilities has proven to have a positive effect on healthcare. With the current debate over our national Medicare system, this exhibition allows the viewer to realize the depth of hope and the positive healing role for art in healthcare, as well as the contribution it makes to our quality of life.

VISIONS OF WELLNESS II will be on display at the **Red Deer Public Library** in **Red Deer** from December 17, 2003 to January 5, 2004. We welcome your visit to this highly entertaining and informative exhibition.

VISIONS OF WELLNESS II is a touring exhibition developed by the Alberta Society of Artists for the Alberta Foundation for the Arts Travelling Exhibition Program. It is currently circulating throughout the southwest/central parts of Alberta. The A.F.A. Travelling Exhibition Program is financially supported by the Alberta Foundation for the Arts.
