My Five Favorites

Lit Tip

Use rhymes, games, and songs

Children respond to rhymes, games, and songs almost from birth. They don't need to understand the words for these moments to be learning experiences, especially when they're sharing them with mom or dad.

Here We Go Up, Up, Up

Here we go up, up, up

Here we go down, down, down

Here we go up, up, up

Here we go round and round.

For babies, lift them up and down according to directions. If you are standing with them, turn in a circle. If they are sitting, roll their hands "round and round."

For older children, encourage them to copy your movements.

Hankie Wave

Listening, Visual Stimulation

You don't always need fancy toys. Even a cloth handkerchief or scarf will do. Hold a scarf or handkerchief about 12 inches over baby's head. Bring it close to her and then lift it farther away.

Watching the cloth wave back and forth at this age will boost your baby's ability to visually track and focus on objects.

For older children

Large Motor Skills, Sensory Awareness

Hold the scarf like a bullfighter and encourage your child to charge at it. Allow the scarf to billow over him as he passes "through".

Encourage your child to toss, catch and wave a scarf to music. Show him how to change the style of scarf movement depending on the tempo of the music.
