## Lit Tip

### Snuggle up with a book

When you hold your child close and look at a book together, your child will enjoy the snuggling and hearing your voice as well as the story.

Feeling safe and secure with you while looking at a book builds their confidence and love of reading.

## Roll Your Hands

Roll, roll, roll your hands

As fast as fast can be.

Do it now, let me see

Do it now with me.

Roll your hands...as slowly as can be...

Other verses:

Clap your hands... as loud as loud can be

Tap your foot...as softly as can be

Shake your feet...as quickly as can be

## Bouncing Balloons

*Social Development, Visual Development*

Even babies like something fun to look at. Hold a mylar balloon (filled with helium) in front of him and bounce it up and down. Watching the bobbing balloon helps your baby develop both visual focus and visual tracking skills.

Older children just love throwing, catching and just having fun. While doing so, they are developing eye hand co-ordination and motor skills.
