This instructional document covers how to download and read eMagazines using Zinio. Whether you read the magazines online or offline, for the first few steps the process is the same.

Step one

Find RDPL's eMagazine Page

Find RDPL's website at <https://rdpl.org> and select **eMagazines** from the Digital Content drop down menu.

On the next page, click on **In Library** or **From Home** depending on your location.

*Note: If you select **From Home** you will be prompted to enter your library card number and PIN.*

Step Two

Create an Account

If this is your first time using RBdigital or Zinio for Libraries, you will need to **create an account**. If you have already created a Zinio for Libraries account, you can use the same information for RBdigital.

Find and click on the **Create and Account** button on the top right of the window and enter in your details as required.

Note: Your password must have at least 7 characters & include both letters and numbers

Now you're ready to **Browse Magazines**.

A screenshot of the 'Create New Account' form. At the top, it says 'Create New Account' with a close button (X). Below that, it asks 'Already have an account?' with a link to 'Login'. The form contains five input fields: 'First Name', 'Last Name', 'Email' (with an envelope icon), 'Password' (with a lock icon), and 'Confirm Password' (with a lock icon). A blue 'Create Account' button is at the bottom. Below the button, it says 'By creating an account, I agree to the site's Terms of Use'.

Reading Magazines on your Device

One of the main advantages to reading RBdigital magazines on your mobile device is that you can download them and read them any time, even while offline. To do so, you'll need the RBdigital App.

The RBdigital Mobile App

Download the **RBdigital app** from the Google Play Store (Android) or the App Store (iOS).

Log into your RBdigital Account

The first time you open the RBdigital app, you will be prompted to log in. **YOU MUST USE THE SAME EMAIL AND PASSWORD THAT YOU USED FOR YOUR LIBRARY ACCOUNT!** This links your app to your library card and allows you to borrow items without using the computer.
